

Mrs. E. C. Everly.

"I FEEL well, never felt better; thanks for your attention and Peruna."

"I will be glad to do all I can in the way of advancing the sale of your valuable medicine."

"I do think Peruna the best medicine I have tried at any time."

"Since I began taking Peruna we have never been without it."

"I really believe that every woman in the world ought to have Peruna on hand all the time; for if she gets tired, Peruna refreshes her; if she gets nervous, it soothes her; if dependent, it cheers and invigorates."

"It is a constant friend to the nursing mother, both for herself and for her child, and finally when old age comes on, no medicine on earth is of greater efficacy to the woman."

"Surely, Peruna is the woman's friend."—Mrs. E. C. EVERLY, 2103 Franklin St., Philadelphia, Pa.

#### Stronger Than for Years.

Mrs. Caroline Sundheimer, Clark, Louisiana, writes:

"I am feeling quite well now. I can work again and am stronger than I have been for years, and I do believe that Peruna saved my life. I will advise all I can to take your medicine."

#### So She Put the Eggs on Ice.

Topeka, April 11.—A young Topeka matron has been reading about back yard poultry raising. She decided to try it. She purchased several hens and carefully saved their eggs. A day or so ago her husband noticed that one of the hens showed signs of sitting. He informed his wife and asked her where he could find the eggs.

"I'll get them for you in a moment," she answered.

"Why can't I find them and save you the trouble?" the husband asked.

"I'm afraid you'll upset the milk."

"Where are they?" he asked, mystified.

"Why, they are in the refrigerator right next to the ice. I thought I'd keep them nice and fresh for the hen."

#### Stops Lameness

Much of the chronic lameness in horses is due to neglect.

See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first sign of stiffness. It's wonderfully penetrating—goes right to the spot—relieves the soreness—limbers up the joints and makes the muscles elastic and pliant.

#### Here's the Proof.

Mr. G. T. Roberts of Resaca, Ga., R.F.D. No. 1, Box 43, writes:—"I have used your Liniment on a horse for sweeney and effected a thorough cure. I also removed a spavin on a mule. This spavin was as large as a guinea egg. In my estimation the best remedy for lameness and soreness is

## Sloan's Liniment

Mr. H. M. Gibbs, of Lawrence, Kans., R.F.D. No. 3, writes:—"Your Liniment is the best that I have ever used. I had a mare with an abscess on her neck and one 50c bottle of Sloan's Liniment entirely cured her. I keep it around all the time for galls and small swellings and for everything about the stock."

Price 50c. and \$1.00

**Beware of Ointments For Catarrh that Contain Mercury.**

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

#### Salt Water Egg Test.

In the Paris markets they have a certain way of deciding the age of eggs, which seems practical.

About six ounces of common cooking salt is put in a large glass, which is filled with water. When the salt is in solution, the egg is dropped in the glass.

If the egg is only one day old, it immediately sinks to the bottom of the glass.

If three days old it sinks only just below the surface.

From five days upward it floats. The older it is the more it protrudes out of the water.—Ex.

#### Preparing For Alfalfa.

Plowing for alfalfa just before seeding is not recommended. Plowing leaves the sub-surface too loose, thus depriving the roots of a sufficiently firm footing and making a full sowing more liable to harm from freezing and thawing, and the spring sowing to harm from a dry summer. The necessity of the most perfect surface conditions cannot be too often emphasized, and this too includes considerable compactness rather than a too light or ashy condition. There must be no clods, no stiff and stubborn humps.—From Coburn's "The Book of Alfalfa."

#### More Aid For Missouri Aggies.

Columbia, Mo., April.—If the Agricultural Extension Bill which is now under consideration in Congress is passed the college of agriculture of the University of Missouri and the government experiment station here will get \$102,400 every year, besides appropriations which Congress has made in cash and the interest on the land granted to the university by Congress. The federal government gives \$92,500 to the college of agriculture every year. Dean F. B. Mumford has pledged for Senator Warner, Senator Stone and Representative Champ Clark to support the bill.

# Ask Your Neighbors

So many people scattered all over the American Continent have been cured by Dr. Pierce's Family Medicines that there's scarcely a hamlet where some of these grateful people are not to be easily found—ever ready to say a good word for the medicines which cured them and which very likely may cure you, if similarly afflicted. Look them up. They are walking advertisements for Dr. Pierce's medicines—ever ready to pass the good news along that these medicines cure when many others fail. Little advertised NOW, because their record of 40 years of cures makes great displays of their merits unnecessary. The great American people, pretty generally know of their unequalled record.

#### Electric Roads and Others.

An electric railway across the state of Missouri, to be in operation within two years, is said to be now assured. It seems to be no trouble to finance any sort of transportation project that puts money in private pockets for the public service it does.

But to propose a cross-state vehicle highway which will pay every cent of its immense profits to just the people themselves is regarded in many places as a devilish scheme to "mortgage the farms."

Will not the farmers of Missouri ever "get wise" to their own interests?—K. C. Times.

#### Churches Violate Blue Laws,

##### Mayor Says.

Topeka, April.—J. B. Billard, new mayor of Topeka, announced that the street cars, candy stores and news-dealers must stop business if the theaters are not allowed to run on Sunday. The mayor is looking up legal questions to determine whether or not a preacher, who receives money for his sermon, and the singers in the choir are not violating the same law and should be prohibited from working for pay on Sunday.

#### He Shipped 12,000 Quail.

Guthrie, Ok., April.—The United States Circuit Court of Appeals has affirmed the convictions on four indictments of Harris Ben Rupert, of Blaine county, charged with violating the federal game law, known as the Lacey Act. He was indicted for shipping twelve thousand quail. The decision upholds the state's right to enact game protection laws and also that section of the Lacey Act that makes an interstate shipment of wild game a federal violation.

## AFTER SUFFERING FOR YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

Park Rapids, Minn.—"I was sick for years while passing through the Change of Life and was hardly able to be around. After taking six bottles of Lydia E. Pinkham's Vegetable Compound I gained 20 pounds, am now able to do my own work and feel well."—Mrs. Ed. LA DOU, Park Rapids, Minn.

Brookville, Ohio.—"I was irregular and extremely nervous. A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me and I have become regular and my nerves are much better."—Mrs. K. KINNISON, Brookville, Ohio.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it is free and always helpful.

#### CURE YOUR KIDNEYS.

#### Do Not Endanger Life When a Butler Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them? Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one of the symptoms of kidney diseases, cure yourself now before diabetes, dropsy or Bright's disease sets in. Read this Butler testimony.

Asa Morgan, Butler, Mo., says: "I have never taken Doan's Kidney Pills myself, but they have been used in my family and they have been very effective in relieving kidney complaint. This remedy can be procured at Frank Clay's Drug Store and I do not hesitate to give it my highest endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

#### The Joke on Walter Williams.

Montgomery, Mo., April 11.—The joke is on the state university or Walter Williams, dean of the school of journalism at Columbia. The invitations to the Missouri editors to attend the festivities of editors' week at the university May 9 to 14, are sent out in an envelope, the corner card of which is printed and furnished by the government without profit, which naturally reduces the revenue of nearly all the country print shops, there being a bill before Congress now to abolish this socialistic policy. And then the editors were asked to print free matter furnished by the state university each week, and many of them do it.

#### Shot Her Faithless Husband.

Pittsburg, Kas., April 10.—Walter Caldwell was shot and killed this morning by his wife, Mary Caldwell. The shooting was the outcome of an intimacy between Caldwell and another woman. He and the woman were together last night and he did not return home until a few moments before the shooting. When he entered his wife's bedroom a quarrel began. He pulled Mrs. Caldwell out of bed, with the exclamation that he would kill her. Mrs. Caldwell drew a revolver from under the pillow and shot him twice. She then went to police headquarters, gave herself up, and is now in jail.

#### Almshouse For Animals.

All friendless dogs and cats are invited to Painesville, Ohio, on and after the beginning of next fall or thereabouts. Announcement has been made by Dr. W. C. Staniforth that \$30,000 has been subscribed for the erection of a national home for stray pussies and canines and that eighteen acres of land at Painesville has been secured as a site for this zoological almshouse.—Chicago Tribune.

#### Orchard and Garden.

From April Farm Journal.

Promptly gather up and burn all brush and rubbish in the orchard.

When spraying do not work with bare hands. They'll be sore if you do. Put on a pair of rubber gloves.

Remember when you plow in the orchard that the roots are very near the surface. Three inches is plenty deep enough.

Some fruit growers say that it is not a good plan to plow an orchard when the trees are in blossom,—better do it before or after.

How long will our orchards bear the neglect seen on every hand? We need less of extensive farming and more of intensive and sensible operations.

Now, don't wait till the last moment before ordering the berry plants. Give the folks who grow them a chance to fill the order in good shape without being hurried. Better for them and surely better for you.

When the leaves begin to grow, the canker-worm may commence to move up on the trunks of fruit and other trees. Banks of tar or printer's ink, if put on the tree trunks in time, will catch many of the pests.

As soon as the leaves start on current or gooseberry bushes, cut out all sickly-looking or non-starting canes and promptly burn the cuttings. Borers are probably within, and in this way they can be kept in check.

Get ready to fight the codling-moth which causes wormy apples. Next month we'll tell you how. In the meantime, fruit growers should prepare themselves for the campaign by ordering a first-class spray pump and the necessary attachments.

#### Worse Than Bullets.

Bullets have often caused less suffering to soldiers than the eczema L. W. Harriman, Burlington, Me., got in the army, and suffered with forty years. "But Bucklen's Arnica Salve cured me when all else failed," he writes. Greatest healer for sore, ulcers, boils, burns, cuts, wounds, bruises, and piles. 25c at F. T. Clay's.

#### The Crop Outlook.

The Modern Miller will say: St. Louis, Mo., April 15.—In soft winter wheat states a general improvement is reported in the growing crop, due to rains, but more rain is needed where precipitation was light. The crop is more or less spotted. The prolonged drouth in Kansas and Nebraska has been relieved by good general rains.—St. Louis Merchants Exchange.

#### THE REASON WHY

# Vinol

#### IS THE BEST STRENGTHENING TONIC

for Feeble Old People, Delicate Children, Weak, Run-down Persons, and to Counteract Chronic Coughs, Colds and Bronchitis, is because it combines the two most world-famed tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron, without oil or grease, tastes good, and agrees with every one.

We return your money without question if Vinol does not accomplish all we claim for it.
